**Diseased Caused:**

---

Your diagnosis will be made available to you as soon as we determine it. We will attempt to make your diagnosis within a week. Some tests are only done once a week. Please be aware that some plant disease diagnosis may take time (more than 7 days). The diagnostic lab is normally open Monday-Friday from 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m., unless the "Center" is closed due to holidays or weather events. Please call prior to sample delivery to make sure we are open that day. We do not have a drop box. If there are concerns regarding the diagnosis, you can reach us by phone at **806-677-5600**. For additional forms, please visit [http://plantdiagnostics.tamu.edu](http://plantdiagnostics.tamu.edu).
